PERSONAL PROFILE

I am a Computer Science Engineer holistic knowledge of code developing and web developing

ABOUT

A computer geek currently an undergrad majoring in computer science and engineering at Annamalai University. An engineer who has the technical know-how and edge to create production code. Strong in design and intuitive problem-solving skills. Proficient in python, web development and cloud computing. I am very passionate about web development implementing and launching new projects and strive to better myself as a developer. My specialties include quickly learning new skills and ability to translate business requirements into technical solutions. Looking to start a career as an entry level software engineer with a reputed firm driven by technology.
